

document imaging.
Easy. Fast. Smart.

docSTAR™ Annotations.

Work smarter. Not harder.

A better way to make your mark.

Now you and your people can annotate electronic documents quickly and easily. docSTAR Annotations provides you with an entire suite of easy-to-use graphic and text tools that give you the flexibility to mark up your electronic documents and save these notes as annotations. Using these tools, which include sticky notes, text, freehand drawings, straight lines, highlights and redactions, you can make any comments or modifications you wish. While completely preserving the content and integrity of the original document.

Note this.

docSTAR Annotations:

- ★ Lets you mark up electronic documents with sticky notes, redactions (blacking out text), highlighter, text, free hand drawings, stamps and a wide range of other tools.
- ★ Preserves the original document.
- ★ Adds value to every document by streamlining your access to critical information.
- ★ Takes antiquated paper document annotation systems to the next level.
- ★ Allows you to limit access to selected text to authorized users by using the redaction tool.

Annotations are compatible with all image, PDF and COLD documents.
