

eclipse Cloud and On-Premises (Private Cloud) Solution

18 Years of Experience in Every Cloud

docSTAR™, founded in 1994, is an innovative software company that provides collaborative document management solutions to streamline business processes. From SMB to Enterprise, over 6,000 organizations depend on docSTAR.

docSTAR eclipse is a revolutionary product that's built for the web and delivers deployment choice. Customers can install eclipse on their hardware or use docSTAR's hosted service. The same software, the same user experience, the same great results. eclipse supports all popular browsers and mobile devices delivering access anytime, anywhere.

When deployed on docSTAR's hosted service, customers can enjoy the benefits of very low overhead and minimal startup investment, easy access via a web browser and the security of a redundant, disaster-proof data center. There is no specialized hardware to manage and there is no up-front capital investment. Although designed using robust enterprise architecture, eclipse is flexible and affordable to meet the needs of a small office or enterprise environments.

- ★ Cloud based. High speed access from any browser device
- ★ Leverage Smart phones, tablets and iPads
- ★ Quickly streamlines document processes and reduces errors
- ★ Elegant, intuitive design reduces learning curve
- ★ Minimize business risk associated with lost files
- ★ Files can be easily and securely shared with others

eclipse The easier, faster, smarter cloud-based document management solution.

Flexible - Increase or decrease your users and storage requirements based on need. eclipse grows with you.

Ready When You Are - With hosted eclipse no hardware is required. Launch a browser and go to eclipse. No worries about setting up servers, configuring applications or any other 'fun' stuff. With docSTAR eclipse, you will be 'conquering the clutter' in no time.

Mobility - Users have 24/7 access to eclipse and their files from virtually anywhere in the world via a browser and internet connection.

Safe and Secure - Whether you use eclipse is a hosted solution or install eclipse on your server your content is rigorously protected using state of the art security technology.

Improve Performance - Quickly & Easily

docSTAR eclipse offers users an extremely elegant and intuitive interface. All information a user would need to use is right at their fingertips, in one easy-to-understand 3-panel display that can be accessed from anywhere via a browser and internet connection.
